

# Report of crimes in connection with suspect Krzysztof Sienicki

1. Imitation of what appears to be an official arbitrational institution in Poland: the Pan-Europejski Sad-Arbitrazowy (PESA), in analogy to the Europejski Sad Arbitrazowy (ESA), which has the URL <http://courtesa.eu/>. By contrast, PESA has the URL “<https://pesa-court.org>” and this domain is owned by Villa Europa, which in turn is owned by Krzysztof Sienicki, the same person that is suing me. This can be verified by visiting <https://who.is/whois/pesa-court.org>.

Supporting material:

- Screenshots of PESA website, demonstrating it to be listed as “<https://pesa-court.org>” (1\_PESA\_website.pdf, 6 pages).
- Screenshot from <https://who.is/whois/pesa-court.org>, showing that the PESA website was registered by Villa Europa on 2021-09-28 (2\_PESA\_owner.pdf, 1 page).
- Document with photographic evidence and a witness report of the non-existence of the PESA arbitrational institution (3\_photographic\_evidence.pdf, 2 pages).

2. Misleading Svea Hovrätt (HR) to initiate the enforcement of an *illegitimate* arbitration award<sup>1</sup> (skiljedomstolens beslut 2022-07-09, PESA 11-05/SE/2022) by Sienicki himself. The enforcement would be contrary to the public policy doctrine (ordre public) in Sweden.

Supporting material:

- Letter from Svea HR of 2022-12-21, *recognizing* the Pan-European Court of Arbitration decision 2022-07-09, PESA 11-05/SE/2022 (4\_Recognition\_of\_PESA\_by\_Svea\_HR, 3 pages).
- My response of 2023-01-12, exposing the illegitimacy of PESA (5\_Brandenburg\_to\_Svea\_2023-01-12.pdf, 2 pages).

3. Attempted and committed fraud in 6 countries on 32 victims

Supporting material:

- Document giving a brief description with names and email addresses of 32 victims of Villa Europa in 6 countries (6\_cases.pdf, 4 pages).<sup>2</sup>
- Document giving evidence of the enforcement of a transaction to Villa Europa and Krzysztof Sienicki with the help of Kronofogden involving a victim in Gävle (7\_Gävle\_Kronofogden.pdf, 1 page).
- PowerPoint presentation by Marco Baiesi, one of the victims from Padova, Italy, giving a concise account of the pattern of events surrounding the activity of the person Matteo Ferensby, pretending to be from the University of Warsaw, the secretary Anne Adamchewsky, and her association with Villa Europa under the address Topolowa 19, 05-807 Podkowa Lesna, Poland, which is the residential address of Krzysztof Sienicki; see page 10 (8\_Ferensby-affair.pdf, 17 pages).
- Residential address of Krzysztof Sienicki, the same address of Villa Europa; see <https://www.locatefamily.com/Street-Lists/Poland/index-580.html>. This is the only one though which Villa Europa and its associates can be reached (9\_residence.pdf, 1 page).
- The varying business models of Villa Europa reflect an unsteady past of its operation that is inconsistent with actual scientific activity (10\_VillaEuropaBusiness.pdf, 5 pages).

<sup>1</sup><https://en.wikipedia.org/wiki/Arbitration>: *Arbitration is a form of alternative dispute resolution (ADR) that resolves disputes outside the judiciary courts. The dispute will be decided by one or more persons, which renders the 'arbitration award'. An arbitration decision or award is legally binding on both sides and enforceable in the courts, unless all parties stipulate that the arbitration process and decision are non-binding.*

<sup>2</sup>In Sweden, at Svea HR, in addition to myself (Ö 12191-22), also Henrik Hult <[hult@kth.se](mailto:hult@kth.se)> (Ö 11558-2) and Björn Johansson <[bjorn.johansson@ki.se](mailto:bjorn.johansson@ki.se)> (Ö 4652-22) have ongoing cases.

4. Producing contracts by deception and the suspicion of falsification.

Supporting material:

- Original communication under the cover of the University of Warsaw with a team of 16 respectable international scientists; see pages 2–4 of the PowerPoint presentation of Marco Baiesi.
- Document giving evidence of usual, non-commercial communication in connection with my talk of April 24, 2020, along with excerpts from a letter of November 2021 with a possibly non-authentic contract signed by myself mentioning any payments for the very first time (`11_Deception.pdf`, 8 pages).
- Original copy of the contract produced by Victoria Lopez, who lectured in the very same session as I (`12_Contract.pdf`, 8 pages).

The continued operation of PESA draws resources from Swedish authorities (Svea HR) and is a threat to the community of European scientists. Responding to PESA with a negative decision still acknowledges it as an legitimate entity. It may be necessary to seize existing capital of Sienicki before he realizes that he is under investigation.
