**Subject:** Removal of the webinar of October 23, 2020 – COVID-19 Disease Mapping with INLA

I received on January 29, 2021, by post (registered mail RR 428 075 217 PL) a proposal for an agreement (called "Consent to publish Video Recording and License Agreement") relating to a video-lecture I delivered upon invitation (with waived participation fees) within the web-based conference-debate "Covid-19 by the Numbers, Modes, Big data, and reality", organized by Mr. Matt Ferensby for "Spatial Bayesian Hierarchical Modelling" on October 23, 2020.

We verified that even if you stated that the participation to the conference was completely free and you asked by email to 'Fill by hand a few lines indicated by the color sticks and return in the attached envelope' about the document titled 'Consent to publish video recording and License Agreement', you have unilaterally and secretly modified it. I refer to paragraph 2.10 on pag. 6 of the agreement, reporting some costs that you ever mentioned before written by bad faith in letters and not as a well visible table of costs. In this form it cannot be retained acceptable by any part of a real loyal agreement, or further by any judge in Europe.

I have not got any formal proof that you received a copy of this letter signed by me.

Moreover, you have continued to stalker me sending a document written in Polish titled 'Regulamin PESA' (RR 449 477 159 PL) and other letters in successive months.

Finally, the 10<sup>th</sup> of October 2022 I got an email by the address [anja.muller1996@gmail.com](mailto:anja.muller1996@gmail.com) to my job address, demanding an amount of money in the light of a court award you cite, still proposing an amicable approach to deal with this issue.

**In light of this serious elements, no agreement can be considered finalized, and nothing is due from me.**

The methods by which you have acted, both in the phase prior to the webinar (where no reference has ever been made to edition costs), and in the subsequent one of sending the documentation, seems to demonstrate a clear intention to obtain a consent through deception and tricks, in violation of all principles of fairness and good faith in the negotiations. My University formally notifies you to cease and desist from any attempt to obtain any cost. In addition, my University proceeded to lodge a complaint to the competent authorities.

Moreover, the postal police of Palermo issued an official complaint on the 10<sup>th</sup> of October 2022.

For these reasons, I order you to delete my intervention from your Youtube channel and your online platform and remove my name from your contacts and in association to your webinars.

I intimate and distrust you to fulfill the above, ailing that I announce you that I filed a police report complaint for stalking towards you.

Yours faithfully,

Giada Adelfio
