

Photographic evidence of absence of the PESA institution

The address of what is referred to as PESA is Marszałkowska 53/36; see Figure 1. Google map does not indicate anything about this; see Figure 2.

A collaborator of Axel Brandenburg, who lives in Warsaw, has kindly inspected the site. Below his statement.

“I understand now the address line 53/36 - it means building 53 and 36 is the apartment number; I think there are about 50 apartments in that building. But there is no sign of the PESA court, no boards mentioning such a court, nothing. I asked a lady, who was walking a dog there, if she knows anything about the court, but she has not heard of it. There was also a guard there, for the entire courtyard, which involves the building Marszałkowska 53, but even he was not aware of the PESA court. He let me into the building (53), but only the

ground floor, so that I could see a notice board there, but again, no sign of PESA. There was also an intercom – I called the number 36 twice, but there was no answer.”

The following gives a visual impression of the site. Figure 3 shows the entrance to the courtyard at Marszałkowska 53. Figure 4 shows the board with the building number from the courtyard. Figure 5

shows the entrance to the building from the courtyard.

Figures 6 and 7 show the street view consistent with google map shown in Figure 2. Thus, in conclusion, *there is actually no way of contacting this court – no one at the address Marszałkowska 53, no phone.*

The website also gives the the same address, but the website is registered to Villa Europa.
